

TEXAS KNIGHTS

The official publication of the Texas Chess Association

FROM THE DESK OF THE EDITOR

by Louis Reed

Hello fellow Texas chess fans,

I hope that you all had a wonderful holiday season. I want to thank all of our contributors for this edition, especially Dr. Alexey Root, PhD, WIM for her new book review column as well as NM Christopher Toolin for his new Texas chess history column. *Texas Knights* does not survive without submissions from our contributors so I cannot thank them both enough for their willingness to add to the rich tapestry of *Texas Knights* content. Of course, we want your submissions too. If you have an article, photo, tournament result, story or an interesting game for publication, please send it to txknightsed@gmail.com. For photos, please include pertinent information such as date, event, who's in the photo and who should get credit for taking it. *Texas Knights* is your magazine so the more contributions, the better. Thank you!

photo by Jim Hollingsworth

December kicked off the 2019-2020 US Chess national scholastic chess tournament season with the National K-12 Grade Championship held in Orlando, FL at the Walt Disney World's Coronado Springs Resort.

I was onsite as a floor TD working the kindergarten and first grade sections as well as the eighth and ninth grade sections. With 1,783 players (including 48 from Texas) it was truly a magnificent sight. The organizers did such an outstanding job and the players were fantastic! Thank you to all the parents and coaches for helping to make the event such a huge success.

I even got to meet someone very cool after the awards ceremony. GM Varuzhan Akobian was on hand at the tournament and participated in multiple events including a 20 board simul and an all comers blitz challenge, just to name a couple.

I hope you that all have an outstanding new year, and I hope to see as many of you as possible over the upcoming months! Until next time, happy chess!

Sincerely,
Louis Reed

PRESIDENT'S NOTE

by Tom Crane

The sheer volume of chess in our state and the things we do year over year continues to astonish me. One of the headliners is our state is well represented by three schools who are among the nation's elite collegiate chess programs. Texas Tech, The University of Texas at Dallas (UTD) and The University of Texas Rio Grande Valley (UTRGV) compete annually for spots in the Final Four of Chess. Over the Christmas break the Pan-Am Intercollegiate Championship was held in Charlotte, NC. Texas Tech and the University of Texas at Dallas both advanced to the Final Four of Chess by finishing first and fourth respectively. I would be remiss if I didn't mention the past two

championships were won by UTRGV. Here are a few other notable accomplishments for the Calendar Year 2019. Grades – 446 players, Combined State – 1255 players, By-Laws updates, Southwest Open – Norms event, Texas State and Amateur, Specialty Events: Texas Women's, Red River Shoot Out, Brazos, Texas Armed Forces and Veterans (At the Texas Women's we had a live stream of the games online....and people were watching them!!!!!!), TCA Web Site – one of two recognized at USCF Delegates meeting, Facebook page, Twitter feed, TCA finances were audited, Over 1200 USCF rated events, Four new FIDE Arbiters coming. Lastly and most importantly – Our people – I fundamentally believe that if I cut any one of you a chess piece would pop out. You are what make these things possible and I sincerely Thank You for your efforts!

In my candidates statement I suggested we needed some metrics. I revise that statement, instead of metrics we need some priorities that TCA members can rally around and support.

2020 PRIORITIES

Get Vish elected to the USCF Executive Board.

Many of us know Lakshmana Viswanath, more commonly known as Vish. The USCF will elect new members to the Executive Board in Summer of 2020. Texas has over 10,000 USCF members, more than any State in the USCF yet has no presence on the EB. Our State can swing this election – **WE** can do this by doing the following things:

1. Actively encourage our members to register to vote. Just because you're a member doesn't mean your registered, you must be a US Chess member in good standing, be at least 16 years old by June 30th and you must register online by May 1st. It takes about 3,000 votes to get elected. We have over 2,000 members that are eligible to vote. That's two thirds of the number right here in our home state. But they can't vote if they're not registered. You can use the link below to register. Then simply ask them to vote when the election ballots are distributed. — <https://secure2.uschess.org/voter-registration.php>
2. Social Media – We are going to use Facebook, Twitter and other social media outlets to get the message out.

Vish is aligning with another candidate – Shawn Manross. He is the current President of the Southern California Chess Association. Talk to Shawn for one minute and one message comes across clearly, he cares. Both show a sincere passion for our game and will make great EB members

Keep our balance over \$10,000.

TCA has historically had a very conservative fiscal strategy and we have maintained a number greater than this for as long as I have been affiliated with TCA.

Get Texas Knights back on line.

Louis Reed with assistance from Chris Wood got the first online edition out in June 2019, the next in September 2019 and this is the third. We are going to four online editions a year and are looking forward to a new schema where contributors can input content directly. If you want to contribute contact Louis Reed and he can facilitate a workspace for you to add content. Of course, we will reserve the right to edit it but the lifeblood of the magazine is contributors from across the State. Please consider submitting when you have events or other special chess related items.

Support 2021 Armed Forces Event in any way we can.

Jim Hollingsworth has been awarded the bid for this and fund raising will be necessary to ensure adequate revenue is available to support this. There will be additional information as the event gets closer. Please support this generously when the time comes.

Get our TCA membership online.

Renate Garcia will be evaluating online membership services so we can have a more streamlined fashion of keeping up with our members. This will allow us to more frequently engage and provide information about tournaments and happenings across the State.

Continue to update the By Laws.

Our By-Laws hadn't been updated in four years. We made tangible progress at the SW Open Business Meeting but the process is still not complete. Additional updates will be addressed at the State North and South Scholastic Tournaments.

We need to get younger across the board, TCA, TD's, organizers.

The same old problem still prevails, we have an aging cadre of people coordinating and orchestrating our big events. We need new and younger members to step forward and start running these events. We need to get Club Level TD's to Local Level, Local to Senior and Senior to ANTD and eventually NTD. The Local and Senior aren't too difficult but going from Senior to ANTD and NTD are. I had Luis Salinas make four separate sections at State South so we can put Senior TDs in those Chief TD spots so they can get credits for working larger events necessary to qualify to take the exams for those higher level certifications.

Educate People on What TCA Actually Does.

I have heard way too many times the TCA doesn't do anything except. Totally erroneous – We have members across this state that volunteer a staggering amount of hours. What exactly do we do – from a high level “We” provide the organizational infrastructure for chess across the State. When you support TCA by buying a membership or playing in one of our events, you're supporting chess across the state. Please focus on the talking points when you get engaged on the value proposition of TCA.

Lastly, go play in or run an event, it's the number one thing you can do to support chess.

CHESS TACTICS WORKBOOK FOR KIDS

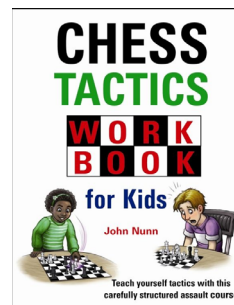

by Alexey Root

With many new chess books published in 2019, it can be tricky to pick one that you will like. “How do you pick out tactics books that are appropriate for you?” asked International Master John Donaldson at about one hour and 31 minutes into being interviewed on Ben Johnson's [The Perpetual Chess Podcast](#) on September 17, 2019 (episode 143).

For players rated below 1800 or 2000, Donaldson answered his own question as follows. Just solving tactics is not the way to go. You must solve tactics but you also must find books that explain tactical themes. If you are browsing at a chess

bookstore, try 10 tactics problems in a book. If you solve them all immediately, then the book is too easy for you. If you really apply yourself, and you can't get 50% right, then the book is too hard for you. If you can't peruse a book in person, look for a PDF excerpt of the book you are considering to attempt its tactics problems.

The [CHESS TACTICS WORKBOOK FOR KIDS](#) (John Nunn) 128 pages (230 mm by 178 mm), hardback, published by Gambit, has a PDF of 18 of its problems at the Gambit website, located at gambitbooks.com (search for CHESS TACTICS WORKBOOK FOR KIDS under the "Complete List" tab). Test yourself on those first 18 fork problems and see how you do. Note that the earlier fork problems are easier than the later ones. For example, the first nine problems have one-move-long solutions. If you are challenged by problem 18, which has a two-move-long solution, be aware that numbers 19 to 48 mostly have two-move and three-move-long solutions.

I like Nunn's book, but I am mystified by the "for kids" part of its title. It seems appropriate for all readers. And, also, not especially geared toward children. There are no cartoons or characters. The print is fairly small too. Maybe the "for kids" part was added by marketing, as Grandmaster John Nunn does not mention kids specifically. Nunn writes in his introduction, "This book is aimed at readers who know the rules of chess and want to start winning games." Nunn's words suggest that both adults and kids can benefit from his book.

The CHESS TACTICS WORKBOOK FOR KIDS meets Donaldson's criteria of explaining tactics (see the book's PDF at the Gambit website for how Nunn explains forks) and including problems. Not surprisingly, then, Nunn's book also has Donaldson's endorsement: "John Nunn is one of the most trusted authors in chess and *Chess Tactics Workbook for Kids* continues his practice of producing well organized and clearly written instructional works" – IM John Donaldson.

Alexey Root

The "New Chess Books" columnist, Dr. Alexey Root, is volunteering for Texas Chess Association by writing this column. Alexey Root was the 1989 U.S. Women's Champion. She is a Woman International Master. Buy her books at this link: [amazon.com/author/alexeyroot](https://www.amazon.com/author/alexeyroot). She teaches Chess Online courses for The University of Texas at Dallas. Information on registering for those courses is at this link: <https://www.utdallas.edu/chess/education-programs/>

WACO HOGS 19 TARRANT BUTCHERS 11

by Jim Hollingsworth

Most Serious Chess Team in Texas.

Hillsboro, Texas (26 October 2019). The Waco Hogs, led by Team Captain Carmen Chairez, ended a three-year losing skid with a dominating 19-11 victory over the Tarrant Butchers at Hill College on Saturday. Seven Waco players scored "Aces" (2-0 sweeps) to pace the winning Hogs: Thomas Capps, Randy Dixon, Robert Morgan, Marshall Patterson, Dave Lemper, Jim Anderau, and Wayne Sampson.

Robert Morgan scored "first blood" in Round One to set the tone for the rest of the day. The Hogs never trailed from there and built an impressive 10-point lead by halftime (10 to 5). BRAZOS Co-Founder John De Vries scored the winning point, 15-1/2 to 7-1/2, for the victorious Hogs.

The Tarrant Butchers had their own heros. Chris Johnson and Team Captain Bob Curtis both scored Aces.

BRAZOS is the annual team match between the most serious chess players in the Heart of Texas. Recruiting Season for BRAZOS V begins on July 15, 2020.

DALLAS 1957 – A WORLD CLASS EVENT

by Christopher Toolin

NOVEMBER 30 TO DECEMBER 16, 1957

Chess Tournament Planned At Dallas

DALLAS (AP)—Preparations are fast taking shape for the Dallas International Chess Tournament which will draw master players from throughout the world.

The tournament will mark the centennial of international chess in the United States.

Emile Z. Gulutin, president of Dallas International Chess Tournaments, Inc., says it will put the Texas city forever in chess history, since past tournaments are studied by exacting chess players.

The tournament will be held from Nov. 30 to Dec. 18 in a large downtown hotel. Eight master players will compete, including David Yanofsky of Canada, Bent Larsen of Denmark, Laszlo Szabo of Hungary, Svetozar Gligoric of Yugoslavia, Gideon Stahlberg of Sweden, Miguel Najdorf of Argentina, Samuel Reshevsky of New York City and Fridrik Olafsson of Iceland.

First alternate will be Auture Pomar of Spain and the 14-year-old boy wonder of chess, Bobby Fischer of New York City, will be second alternate.

Large wallboards will be erected for the tournament so spectators may watch each move. A commentator will explain the moves.

During the tournament, a daily report sheet will be printed. The Republic of Israel already has ordered 2,000 copies for distribution daily to chess addicts in that country.

When the tournament is over, its play will be recorded, move by move, in a tournament book entitled "Dallas 1957." This book will be available for study by chess fans.

Dallas, Texas has an impressive chess history! Today Texas has the most US Chess members of any state, strong collegiate chess teams and a world class player living right in Dallas. However, did you know that Dallas played host to an elite tournament as far back as 1957?

The **Dallas 1957** tournament was conceived to mark the 100th anniversary of the American Chess Congress (won by Paul Morphy). It was to be held at the Adolphus Hotel, formerly the tallest building in Texas, and invited eight world class players from seven countries.

Notice in the article to the left that the second alternate for the event was a young 'boy wonder' named Bobby Fischer!

Mr. Donaldson adds that the photograph was published on page 7 of Chess Life, 20 January 1958 with the following information: Left to right: front row: Emile Gilutin and Fread Tears (the tournament organizers), Landrum (public relations [no forename given]), Jerry Spann (USCF President), Samuel Reshevsky. Back row: Paul Benko, Larry Evans, Kenneth Smith, Svetozar Gligorić, Bent Larsen, László Szabó, Miguel Najdorf, Friðrik Ólafsson, Daniel Yanofsky and Isaac Kashdan (tournament director).

The event was held at the Adolphus Hotel in downtown Dallas. The 22-story luxury hotel was built by Adolphus Busch, founder of Anheuser-Busch. The Adolphus still stands today, over 100 years old, and is a venue like no other in Dallas. Former guests of the Adolphus include Presidents Harding, Carter, Reagan and George H.W. Bush as well as Queen Elizabeth II.

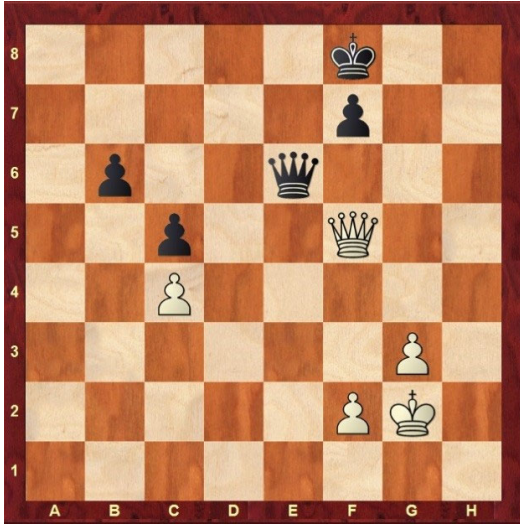

Now to the chess...The world of chess had a new champion in early 1957, Vasily Smyslov, though he would only hold the title for one year. There were under sixty Grandmasters in the world, mostly from the Soviet Union. Therefore, it is noteworthy that no Soviet players played in Dallas 1957. David Bronstein applied for a visa and was denied.

The Dallas 1957 tournament was competitive throughout and only in the final two did rounds the winners emerge...**American Samuel Reshevsky** and **Svetozar Gligoric** of Yugoslavia! Both Grandmasters scored 8.5/14 to clinch the double round-robin event. They drew both games against each other. Larsen and Szabo also shared the lead during the early rounds but faded late.

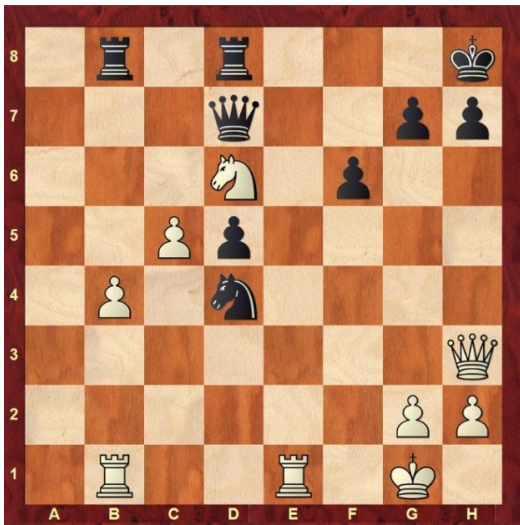

In the 4th round, Sammy Reshevsky (USA) is in play v. Svetozar Gligorić (Yugoslavia). Fridrik Ólafsson (Iceland) and Isaac Kashdan (USA) look on. Photo Source – <http://skaksogufelagid.is/>

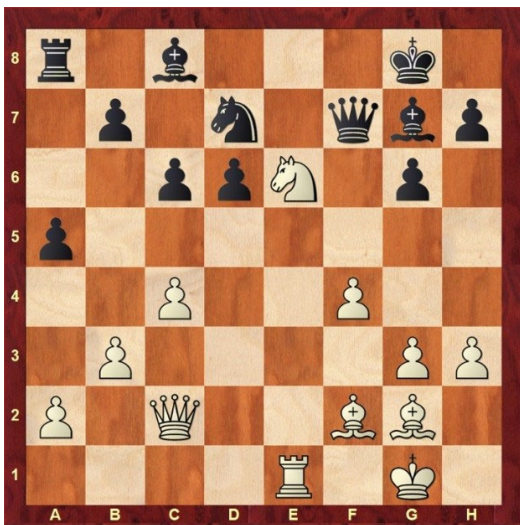

PUZZLES FROM DALLAS 1957

White to Move and Win.
Evans-Olafsson, Round 3

White to Move and win.
(Reshevsky - Najdorf, Round 3)

White to Move and win.
(Reshevsky - Evans, Round 13)

THE WINNERS

The winners, Reshevsky and Gligoric, took home \$1,750 (\$16,308 adjusted for inflation!) each and enjoyed a nice cake in celebration!

The Dallas 1957 Tournament was characterized by the beautiful venue, a diverse group of masters and high-quality chess!

In true Texas style an even stronger elite tournament was held fifteen years later down I-35, stay tuned for my next report...

156 PLAYERS BATTLED IN TEXAS GIRL'S CHAMPIONSHIP

by TCA

Submitted by Chief Tournament Director Victor Bailey.

Texas Chess Association's 2019 Texas Girl's State Championships were held on Saturday, October 5th, at the South Texas Academy for Medical Professions campus in Olmito, located just north of Brownsville. 156 participants participated in the one-day event. Girls as far away as Austin and Houston played. When the day was done there were new champions in each of the five divisions!

Five divisions had championships! In the Kinder -1st division the undefeated champion was Mia Ramirez from Garden Park Elementary, Brownsville. In the Primary division we had the first of two co-champions. Both had 4.5 points; Addison Gonzalez from NL Trevino in Edinburg, and Sahithi Kommuri from Colony Meadows Elementary, Sugarland. In the Elementary division Sunny Zhang from Olmito Elementary, Olmito, won the outright title with a perfect score of 5 points! Co-champions were crowned in the Middle School division with Emily Ham from Morris Middle School in McAllen and Violette Uviedo from Manzano Middle School in Brownsville; both gaining 4.5 points.

In the High School division, Lauren Tovas from Harlingen South of Health Professions in Harlingen, was the outright winner with 4.5 points. Lauren also won the \$3,000 scholarship which was graciously offered by the University of Texas Rio Grande Valley. The high school senior plans on attending the university next fall and wants to be a future member of the UTRGV Collegiate National Championship team.

Many thanks to the beautiful school, the wonderful volunteers, the hard-working TD crew, and especially to Noemelch Lumang, whose help was timely throughout the process.

Team champions in each division:

- High School- Veterans High School Brownsville.
- Middle School- Manzano Middle School.
- Elementary- Our Lady of Sorrows McAllen and Ben Brite Elementary Brownsville.
- Primary- Our Lady of Sorrows McAllen.
- Kinder-1- Garden Park Elementary Brownsville.

Individual champions in each division:

- High School- Lauren Tovas, 4.5/5.
- Middle School- Emily Ham and Violette Uviedo (Co-Champions), 4.5/5.
- Elementary- Sunny Zhang, 5.0/5.
- Primary- Addison Gonzalez and Sahithi Kommuri (Co-Champions), 4.5/5.
- Kinder-1- Mia Ramirez, 5.0/5.
