

TCA Oct. 22nd, 2018 Telecon Meeting Agenda

- Opening remarks – Why are we trying this.
- Background checks - obviously a very contentious issue but the way to do this isn't quite as obvious. We need to close on this and decide. I will offer a couple of suggested paths that we can discuss.
- Regional Reports - this is each Regional Directors opportunity to discuss things that are happening in their Region, mention large upcoming tournament's, or bring up any issues important to them that we need t address.
- Status of updating the by-laws.
- USCF Delegate's - I have until November 1st to submit our list. If you are going to the US Open, or know somebody that is going, please ask them to contact me so I can put them on the list.
- Financial report
 - Just a mention how much we have in our accounts.
 - Plan to audit and why we're doing it
- Other as suggested to me for inclusion, I want this telecon to last no longer than an hour but we can go longer if there are important things that need to be discussed.
