## FROM THE DESK OF THE EDITOR

by Louis Reed

First of all, I want to say thank you to all of our TCA members for their patience with the process of transitioning to a new editor and transitioning to the new online only format for Texas Knights. We're working to improve many aspects of this online experience, but we could not do this without the support of our members across the state. I also want to send a special thank you to our TCA website administrator, Chris Wood, for setting everything up to make our online magazine possible.

Please send articles, photos, tournament results, games, comments, and requests to [txknightsed@gmail.com](mailto:txknightsed@gmail.com). We cannot make Texas Knights happen without your continued support.

For games, please include important information such as the player names and ratings, event, date, round number and result. Please don't be shy; we want all Texas player games not just master level. Irrespective of player ratings, games can still be interesting and informative.

For photos, please include information of who is in the photo, the photo's significance (location, date, event), and the name of the photographer.

Please keep in mind that I am completely new to this process and I will definitely make mistakes (probably a lot), but hopefully they will be few and shrink over time. Until next time, have fun and be safe in your summer travels!

— *Louis Reed*

## PRESIDENT'S NOTE

by Tom Crane

The proposed changes to the By-Laws will be available on the TCA web-site around Memorial Day. This will include the motions that have passed over the last several years and a few other things to get us current with how the organization is actually operating.

## NM LIU, BOVEY-ROSE, SAM 2019 TEXAS STATE SCHOLASTIC CHAMPIONSHIP

by TCA

By Brad Rose, game annotations by Sam Rose

On March 8 - 10th, 124 high school students competed in the 2019 Texas State Scholastic Championship in Houston, Texas. After five rounds, Sam Rose (1984) found himself on board 2 with black, facing NM Bovey Liu (2362), the highest rated player in the tournament and the 2016 U.S. Junior Open Champion. Normally, a Class A player would feel trepidation having black against such a strong and accomplished National Master in a must-win situation. ^

Both players had 4.5/5 points and were tied for 3rd place with two rounds remaining. However, Sam felt confident playing his specialty, the Caro-Kann Defense, against the

Master. This was in large part due to Sam's work with his coach, NM Michael Richards, on absorbing the positional play of Tigran Petrosian and Aron Nimzowitsch. The result was a "cat and mouse" positional game that is instructive and inspirational.

## MAJORITY RULES

by TCA

by NM Christopher Toolin, Executive Director North Texas Chess Academy

The Texas State Championship was held May 25-27 over the Memorial Day weekend at the DFW Marriot South. The Championship Section drew 46 players, including one GM, two IMs and 15 NMs. I was excited to play some strong competition!

I would like to share two interesting endgames where a *pawn majority* was a key feature. I recommend setting up the positions and working out some variations before checking the answers below. Simulating a tournament setting is good practice when training for your next event.

A *pawn majority* is essentially strength in numbers, an advantage on one side which is common but sometimes goes unnoticed. Often in the endgame a majority can become a passed pawn, and then hopefully a Queen. The earlier you notice these elements, the better chess player you are. If you are looking to increase your rating, follow the advice of many great players...

***“To improve at chess, you should in the first instance study the endgame” – Capablanca***

Overall the 74th edition of this tournament was well organized and enjoyable to play. The Texas Chess Association ensured the venue, equipment and staff were all very professional. International Master Cameron Wheeler was the eventual winner with an impressive score of 6.5/7!

See you next year!

## REGION IX CHAMPIONSHIP

by TCA

by Charlie Vetter, Photos: Megan Dorfner

Region IX, the land of amber waves of fire ants and swaying fields of oil pump jacks has finished its scholastic chess season for 2019.

This year has seen the growth of scholastic chess teams and clubs throughout the West Texas Region. The Midland Scholastic K-6 Chess League boasted eight team this year. Traditional regional power Trinity School was strong as usual, but as the schedule progressed, Carver School kept pace with Trinity winning match after match. By the quirk of the schedule, the two undefeated teams met the last week of the season at Carver, but Trinity again came out ahead by a 38-18 count finishing their season with a 7-0 record and another undefeated season. Trinity's top board, Avi Mallik was 23-0 going into the last round of the Carver match, but he lost a tough game to Carver's top board, Caleb Camiring.

Carver finished its season 6-1 with a three way tie for third place between Midland Christian, Greenwood and Hillander all with 4-3 records. While Trinity kept its title for another year, next year will be tougher as they are losing four of their top six boards to seventh grade. Another highlight of the season was Faskin School winning two matches, its first wins in its third season in the league. 

While the scholastic chess league boasted two new teams this year, there were also new teams started up at Midland and Lee High Schools, as well as new middle schools in San Angelo. It's hoped we'll have enough teams for a 7-12 grade league in Midland next season.

The Regionals were held in Greenwood this year and brought in over 100 players from all over West Texas.

Ayushman Mallik, a seventh grader at Trinity School of Midland finished 6-0 to win the 7-12 grade Regional title. The championship made Ayushman a two-time Regional winner with a 12 game Regional winning streak as he won the K-6 tourney last year also with a 6-0 record. Greenwood's Octavio Tarango finished second with Trinity's Curtis Wong, himself a two time Regional champion finishing third. Greenwood's Garrett Dalton was fourth and Josh Westbreg, a German exchange student attending Lee High School of Midland was fifth.

In the team competition, Trinity was first with 24 points, followed by Midland's Goddard Junior High with 19.5, Greenwood with 18, Midland High School with 11 and San Angelo's Grapecreek with nine.

Region IX Team Champion, Trinity School of Midland

In the K-6 division, Trinity sixth grader Gavin Dorfner won first place with a 6-0 record in a wild and dramatic finish. In round five, Carver's Caleb Camiring again beat Avi Mallik in a beautifully played pawn up endgame. That left three undefeated players going into the final round, Caleb, Trinity's second board Jackie Liu who finished the scholastic season with 24 wins without a loss or draw, and Trinity's third board Gavin Dorfner. In round six Caleb and Jackie played each other which was a rematch of their scholastic league game that Jackie won. Meanwhile Gavin played Hunter Williamson, Hillander's top board. Gavin won his game pretty quickly finishing 6-0 and all eyes turned to board one to see who Gavin would play in the playoff for the Regional title. Just like in their scholastic game, Jackie got off to a strong start which he confidently traded down to a knight and pawn ending against just Caleb's king. Then the shock slowly started to set in and the heads started to scratch. Set up the position for yourselves. Caleb had his king on h8. Jackie had his pawn on h7, his knight holding it on f6 and his king on e7, and everywhere else the king could think of moving to. The result was a very weird draw, leaving both Caleb and Jackie with 5.5 points and making Gavin the champion at 6-0 without the need for a playoff. Jackie won the playoff for second place leaving Caleb in third. Trinity's Avi Mallik was fourth and Greenwood's Joshua Ramirez was fifth.

In the K-6 team category, Trinity was first with 30 points. Carver was second with 25.5 followed by Greenwood with 24, Odessa's Milam was fourth with 18.5 and Midland's Santa Rita was fifth with 16.

It was an exciting year in Region IX, and now we need to rest for the summer.

## **CAMERON WHEELER WINS STATE CHAMPIONSHIP**

by TCA

Cameron Wheeler, 2019 Texas State Champion and Lucas Revellon, 2019 Texas Amateur Champion

IM Cameron Wheeler's 6.5 points (out of seven) topped the field of 46 in the championship section of the 74th Texas State and Amateur Championships held at the DFW Airport Marriott South in Fort Worth from May 24-27, 2019. IM Zurab Javakhadze was second with six points. GM Julio Sadorra and NM Jack Easton were third with 5.5 each. Lucas Revellon won the amateur section with 6.5 points out of seven.

## **RENATE GARCIA NAMED TCA SECRETARY**

by TCA

Renate Garcia of El Paso was named Secretary of the Texas Chess Association.

TCA President Tom Crane made the announcement saying, "I am pleased to announce Renate Garcia is our new Texas Chess Association Secretary. Ms. Garcia hails from El Paso and has been doing a wonderful job as Region IV Scholastic Rep. She is President of the Crusader Chess Club of El Paso. She is a tournament director/organizer and recently served as Assistant TD of the 119-player K-1 Championship section at the 2019 Texas State Scholastic Championships.

"Ms. Garcia is a strong supporter of Scholastic, Women's and Veterans Chess. Last November she organized and directed a Veterans Championship in Horizon City. She has a May 21st Fundraiser Tournament scheduled for the Texas Women's Chess Championship at a Peter Pan Pizza restaurant in El Paso. She will also be playing in the 2019 Texas Women's Chess Championship.

Congratulations, Renate. The Texas Chess Association is better because of you!"
